Agreement with respect to the claims f) ☐ was reached. g) ☒ was not reached. h) ☐ N/A.

Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

Mr. Cho discussed proposed language to distinguish the claimed invention over the prior art, specifically EP '930. Mr. Dexter maintained that EP '930 discloses all of the structure set forth in claim 1 and thus is capable of performing the recited functions. Mr. Dexter suggested adding structure to distinguish the claimed invention; for example, structure corresponding to the switching device that enables the invention to perform the recited functions. Mr. Dexter suggested that further clarifying the structure set forth in claim 2 and incorporating it into claim 1 may be sufficient to distinguish the claimed invention over EP '930.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)
